Why Choose Us?

Reading Home & Community Supportive Services is a Home Health and Community-based service agency licensed by the Pennsylvania Department of Health and the Department of Human Services. We get to know our clients and their families through a comprehensive evaluation of likes and dislikes, strengths and weaknesses, as well as short-term and long-term needs. We create a personalized plan of care and match a qualified caregiver. We carry out regular assessments and keep an open line of communication with family members and/or your healthcare team to ensure successful outcomes.

Our Commitment to You

At Reading Home and Community Supportive Services, we are committed to providing person-centered, high-quality home and community-based services for individuals with intellectual and developmental disabilities.

At RHCSS, we are unified by our passion to provide the highest standard of care possible to people with IDD and their families.

Experienced Caregivers

Trusted, compassionate, and experienced caregivers

RHCSS selects only the most trusted, compassionate, and experienced caregivers to ensure you received the care you deserve. Every RHCSS caregiver is carefully screened through a rigorous 24-point screening process that includes:

- At least one year of caregiving experience
- PA State Police criminal background check
- FBI Background check obtained through the PA Department of Aging for prospective staff who haven't lived in PA for over 2 years.
- Motor vehicle report (DMV check)
- Professional reference checks
- CPR and First Aid certification
- Physical examination and TB test

Non-Discrimination Policy

RHCSS is an equal employment opportunity provider that prohibits discrimination for all applicants (including staff and clients) on the basis of race, color, religious creed, disability, ancestry, national origin (including limited English proficiency), age, or sex. Program services shall be made accessible to eligible persons with disabilities through the most practical and economically feasible methods available.
